

NMI portal

NMI PORTAL

Final registration as a CCI User. You may know that in 2016 the CCI became “National Node in Advanced Microscopy” by the VR (Swedish Research Council). This truly remarkable achievement provides powerful proof of the ideals that drive the CCI and that we really do make a difference.

Furthermore, it allows us to receive financial support for the running costs of the facility. For that reason we ask for your collaboration, understanding and support in the following two ways:

1. All Users that work with our microscopes are required to acknowledge the National Microscopy Infrastructure in their publications as well. We suggest this model sentence for the publications:

We acknowledge the Centre for Cellular Imaging at the University of Gothenburg and the National Microscopy Infrastructure, NMI (VR-RFI 2023-00163) for providing assistance in microscopy.

2. We are also obligated to register the CCI Users into the New National Microscopy Infrastructure “Web Portal” data base. We therefore need to enter all active projects in the NMI project application portal. You will need to write a short description of the work you want to do at the CCI. This is important both to us and to you as a CCI user, since this information will be used in our annual reports to VR. If we have many good projects to report we will have a better chance to get more funding in the future, which will benefit you since it will help us keep the microscopes up to date while still keeping the fees low. In addition, it is a merit to you if your project is considered to have national status! Please follow the instructions below to register your project.

Registration in the NMI portal

1. Go to [sciliflab](https://sciliflab.se) and press the green Register account button.

Frequently asked questions about Account Registration:

- All fields with a red asterisk (*) are required to be filled in as shown on the next page highlighted within red rectangle.

Register new account

In order to place orders, you must have registered an account in this system. Register here. Your email address is the account name in this portal. The administrator of the portal will review your account details. If everything seems fine the account will be enabled. You will receive an email with a link to a page for setting the password when the account is enabled.

The personal data you provide in this registration form is to enable SciLifeLab to: register and contact you about submitted information; carry out administrative tasks and evaluate your submitted information; and allow the compilation and analysis of submitted information for internal purposes.

The information you provide will be processed in accordance with the Swedish Personal Data Act (Personuppgiftslagen, SFS 1998:204) which is based on Directive 95/46/EC of the European Parliament and of the Council of 24 October 1995 on the protection of individuals with regard to the processing of personal data.

By submitting you acknowledge that you have read and understood the foregoing and consent to the uses of your information as set out above.

Email

★

NOTE: Required!
Your email address is your account name in this portal. It cannot be changed once set. Use your institutional email address, rather than your personal Google, Yahoo or similar address.

First name

★

NOTE: Required!

Last name

★

NOTE: Required!

University

[select from the list below]★

Provide full name of university if not in list.

NOTE: Required!
Main affiliation: University, college, company, organization, or similar.

Department

University department, company section, group, or similar.

Principal Investigator

☐ Yes

ORCID

Persistent digital identifier for researchers. See the [ORCID website](#).

- For the Invoice reference field, you can add your PI's name. Please note that invoicing at the CCI is not handled via the NMI portal.

Invoice reference and address.

Invoice reference

★

NOTE: Required!
Invoice reference code required on your invoices for your accounting. Some services may be free of charge.

Your e-mail address will be your login identity in this portal. Shortly after the registration (usually within a day) you will get an e-mail prompting you to set your password (if you already have an iLab password, we suggest that you use the same to make things easier). If you don't get this welcome e-mail, please check your spam/junk mail box or contact CCI staff!

2. After logging in, click the Create button for the project support application

Application for project support

+ Create

Apply for project support from NMI

3. In the next step, you enter the project title

Create 'Application for project support'

Title

Brief descriptive title. May be edited later.

+ Create

Then click Create. The application form opens. Here the three fields marked with a red star are mandatory to fill in, i.e. Scientific background, Project Description and Publication Agreement - Signature. Please, read the instructions below each field carefully.

IMPORTANT: Make sure to click the check box for GU under the last field Node so that your project is assigned to us.

Node

☐ KTH ☐ SU ☒ GU ☐ UmU ☐ Don't know

4. Then click the button Save and submit

Thanks,
the CCI Team
